

# MARTINS OSAWE

SENIOR FRONTEND DEVELOPER

## PROFILE

Senior Frontend Engineer with 10+ years of experience building and stabilizing production-grade web applications for Swiss, German, and international clients. Specialized in Vue 3 / Nuxt 3, TypeScript, and headless architectures, with a strong track record of shipping measurable improvements within the first weeks of engagement. Known for taking ownership of complex codebases, improving performance and developer velocity, and collaborating effectively in fully remote, cross-functional teams. Fluent in German (C1) and English (C2).

## EXPERIENCE

### FOUNDER & SENIOR FRONTEND ENGINEER

Lighthouse Eko Limited | Remote

Oct 2023 - Present

- Delivered senior frontend consulting for EU-based clients, including Festland AG, contributing to production systems used by public-sector and enterprise organizations.
- Architected and built Zuree, a multi-tenant Website-as-a-Service platform (Nuxt 3 + Strapi), reducing average site delivery time from ~5 days to under 2 hours.
- Designed reusable component systems and automated deployment pipelines, increasing release frequency by ~40% while reducing regression issues.

### SENIOR FRONTEND ENGINEER (CONTRACT)

Festland AG | Switzerland (Remote)

Jan 2023 - May 2025

- Delivered and maintained Vue 3 / Nuxt 3 applications backed by Strapi headless CMS for Swiss public-sector and enterprise clients (Swiss National Bank, Lehrmittelverlag St. Gallen, Appenzeller Käse).
- Took ownership of frontend architecture, ensuring long-term stability, accessibility (WCAG), and performance in mission-critical systems.
- Optimized Core Web Vitals and SEO fundamentals (SSR/SSG, semantic HTML, performance tuning) for content-driven and public-facing platforms.
- Introduced and documented CI/CD workflows and coding standards, reducing pull-request review time.

### FRONTEND DEVELOPER

Festland AG | Switzerland (Hybrid)

Jun 2020 - Dec 2022

- Modernized legacy workflows by replacing FTP-based deployments with CI/CD pipelines.
- Implemented Bedrock WordPress architecture, improving security, structure, and maintainability.
- Improved Core Web Vitals and delivery quality through SSR/SSG, performance tuning, and clear coding standards.
- Introduced headless setups using Strapi + Nuxt, accelerating development cycles and improving content workflows.

### FULLSTACK DEVELOPER (FRONTEND-FOCUSED)

TOWA GmbH | Austria (On-site)

Jan 2020 - Jun 2020

- Built modular frontend components with Vue.js and integrated REST APIs.
- Collaborated closely with design and marketing teams to improve UX and page performance across client websites.

### WEB DEVELOPER

Werbewind GmbH | Germany (On-site)

Oct 2016 - Dec 2019

- Built and maintained 25+ marketing websites.
- Improved page performance and extended customer-facing portals.

## SKILLS

- **Frontend & Architecture:** Vue 3, Nuxt 3, React, Next.js, Vite, Tailwind, Bootstrap, SSR / SSG / ISR / SPA
- **Languages & State:** TypeScript, JavaScript (ES6+), HTML5, CSS3, Pinia, Vuex, Redux
- **Headless & Platforms:** Strapi, TYPO3 (API-driven), WordPress (Bedrock, Headless)
- **Quality & Delivery:** Vitest, Cypress, GitLab CI, GitHub Actions, Docker, Cloudflare
- **Performance:** Core Web Vitals, SSR/SSG, code-splitting, accessibility (WCAG)
- **Collaboration:** Agile / Scrum, UX/UI collaboration, Figma, Remote-first communication (EN / DE)

## LANGUAGES

English: C2 (Native-level)

German: C1 (Fluent – Professional)

## EDUCATION

**CERTIFIED COMPUTER SCIENCE  
EXPERT (SOFTWARE DEVELOPMENT) –  
IHK GERMANY (2018)**

Vocational Training – Application Development

Werbewind GmbH, Kempten (2016–2018)

## REFERENCES

Written references from Swiss and German employers available upon requests.

## SELECTED PROJECTS
